

ASHWIN KUMAR K

Contact

ashwinkumar.k.rao@gmail.com, f20171034@goa.bits-pilani.ac.in ,ashwinschronicles.github.io

Education

- 2022 BITS - PILANI UNIVERSITY, KK BIRLA GOA CAMPUS
Int. MSc. Physics and B.E Electronics and Instrumentation (Dual Major) CGPA - 7.19/10.0
- 2017 VVS GJ PU COLLEGE, MYSORE - CLASS 12th
KSEB Board. Marks : Physics - 100%, Chemistry - 96 %, Mathematics 99%
- 2015 DEMONSTRATION SCHOOL - CLASS 10th
CBSE Board. 9.8/10 CGPA
- All India Rank in competitive examinations: NGPE- Top 30, KVPY-55, ComedK - 113, KCET - 592 JEE Main - 13900 JEE ADV - 24000 .

Interests

- Experimental condensed matter physics (Device Physics).
- Interfacing sensors with microcontrollers (Arduino, Raspberry Pi, or other equivalent platform), Power management, electrical drive system. Instrument design.
- Solving real-world problems using Distributed Ledger Technology

Projects and Experiences

Past Projects

- Design and Simulation of Battery Management System Algorithms for Electric Vehicle Applications. *Kaynes Technology India Pvt Limited, Mysore, India. Summer 2020*
- Simulation of IR seeker missiles and its counter measure in *Defence Avionics Research Establishment - DRDO, Bangalore, India. Summer 2019*
- Design of a cryogenic probe for transport measurements at *Superconductivity lab, NISER, Bhubaneswar, India. Summer 2019*
- Determination of temperature of stars by analysing images obtained from a simple camera.
- A Novel Stove Stand:** Designed and built a contraption to harness electricity (about 20W) from the otherwise wasted heat energy produced while burning LPG gas for cooking. It also reduced the cooking time.
- Pressure sensitive mat:** To make a mat that can sense touch enabling the determination of different poses such as Running, Jumping, Rightward-leftward movement, one leg hop etc.. (Worked in electronics and algorithm design).
- Past electronics team member of **Hyperloop India** and **Project Kratos**.

For more completed projects visit my web page, ashwinschronicles.github.io

Ongoing Projects

- Design of a low cost thermal evaporation deposition system Design and optimisation of a thermal evaporation coater unit. (As the project head)
- Team Imitato:** Designing an exosuit to control a humanoid that can be beneficial in reaching in- accessible and non-human conditions. (Working as Electronics, Communication and Haptics Control head)

Honors and Awards

| | |
|------|---|
| 2019 | National top 30 in NGPE-19 exam (out of 11372 candidates). |
| 2019 | 3 rd place in Open CBR Hackathon organised by University of Leeds. |
| 2018 | Presented a paper entitled “Algorithms in ancient Indian Mathematics and Astronomy” at “National Conference on Ancient Indian Knowledge: Science and Technology”, NCERT, New Delhi. |
| 2018 | Awarded KVPY 2017 Fellowship. |
| 2018 | Offered INSPIRE 2017 Scholarship. |
| 2016 | Awarded ISCA Travel award by Infosys Foundation. |
| 2016 | Participated in 103 rd Indian Science Congress held at Mysore, India. |
| 2016 | Participated in IRIS science fair organised by Intel at Delhi, India. |
| 2016 | Participated in Google science fair. |
| 2015 | Participated in Rashtriya Kishore Vaigyanik Sammelan of 102 nd Indian Science Congress held at Mumbai, India. |
| 2014 | Participated in 41 st Jawaharlal Nehru National Science Exhibition at Chandigarh (Presenting the device stated as “A Novel Stove Stand”). |
